

Summary

Project Name

Patterns

Project Repository

<https://github.com/Lukeekul/wahlzeit>

Project CI

<https://travis-ci.org/Lukeekul/wahlzeit>

Current Tag

adap-hw05 on master

Diff to last tag

<https://github.com/Lukeekul/wahlzeit/compare/adap-hw04...Lukeekul:adap-hw05>

Details

- Change Class `Coordinate.java` to `CartesianCoordinate.java`, add new Class `SphericCoordinate.java`
- Add Interface `Coordinate.java` in package *org.wahlzeit.interfaces*
- Both `Coordinate` Classes implement `Coordinate` Interface
- `Coordinate` Classes implement methods to handle their own type and delegate of other type
- Adding tests to ensure both `Coordinate` Classes are interchangeable
- Travis build succeeded, tests passed
